

COLORADO FEDERATION OF NARFE
Narfe-colorado.com

To ALL members of the Colorado Federation

The Federation Conference is held biennially and focuses on Federation and chapter issues. It also brings together NARFE members to inform, motivate, and improve communications and performance via group discussions. It provides an opportunity for members to exchange ideas and information in select areas of leadership and management.

The Conference also allows members to renew long-standing friendships and make new ones. A tentative agenda is in the works that will provide you with information on the one-day Conference. This year's theme is *"Broaden your Horizons" — the more you are involved, the more you understand!*
